

WELCOME

The Grace Covenant **KID'S DAY OUT** program is designed to nurture children in a safe, warm, and Christian environment. Our goal is to meet the physical, emotional, social, spiritual and intellectual needs of children while serving their families.

Children will be encouraged to participate in a variety of activities appropriate to their developmental level. Activities will include experiences in art, language, dramatic play, gross and fine motor skills and socialization.

There is an emphasis on nurturing and care through immediate and direct response to needs and communications with careful consideration of each child's temperament and ability. Many opportunities will be provided each day for children to communicate, learn through trial and error, solve problems, and learn self-control through adult guidance. Parents are encouraged to participate and share insights and resources in decision making in regard to their individual child's care and enrichment.
